The Laws of Cricket

Preamble – The Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket. The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

- *Respect your captain, team-mates, opponents and the authority of the umpires. Play hard and play fair.*
- *Accept the umpire's decision.*
- *Create a positive atmosphere by your own conduct and encourage others to do likewise. Show self-discipline, even when things go against you.*
- *Congratulate the opposition on their successes and enjoy those of your own team.*
- *Thank the officials and your opposition at the end of the match, whatever the result.*
- *Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket*

Law 1 – The Players

1.1 – The number of players

A match is played between two sides, each of eleven players, one of whom shall be captain. By agreement a match may be played between sides of fewer than, or more than, eleven players, but not more than eleven players may field at any time. If, during the match and for whatever reason, a side is reduced to fewer than the original number of nominated players, the match shall continue as long as it is possible to do so under the Laws or any agreements made before the toss.

1.2 – Nomination of players

1.2.1

The toss shall take place not earlier than 30 minutes and not later than 15 minutes before the start of play, in the presence of both umpires. Each captain shall nominate eleven players in writing to the umpires no later than 15 minutes before the start of the match. No player may be changed after the nomination without the consent of the opposing captain. The above requirements also apply where no umpires are appointed for matches. The names of the players contained in these lists should be as registered by each club and should include their full name as it appears on their registration with the MCU – just giving first names or other names for these players is not acceptable.

1.2.2

In addition to the requirements of *Law 1.2 Number of Players* – the minimum number of players on a side shall be 8. If a team is unable to field the minimum number of players at the start of a match they shall be deemed to have conceded a walk-over to the opposing side, which in the case of a league fixture, shall be awarded full points for the fixture. If neither team can field the minimum number of players, the fixture shall be deemed to be null and void and no points shall be awarded for the fixture.

1.3 – Captain

1.3.1

If at any time the captain is not available a deputy shall act for him.

- a) If a captain is not available during the period in which the toss is to take place, then any person associated with that team may act as his/her deputy to do so.
- b) At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Laws, including at the toss.

1.4 – The responsibility of the captain

The captains are responsible at all times for ensuring that play is conducted within the spirit and traditions of the game as well as within the Laws. See the Preamble – The Spirit of Cricket and Law 42.1 (Fair and unfair play – responsibility of captains). The captains are also reminded of their responsibilities under the Code of Conduct for players in matches played under the aegis of the Munster Cricket Union and the Munster Cricket Disciplinary Procedures.

Law 2 – The Umpires

2.1 – The umpires

If the appointed umpires are not present 15 minutes prior to the appointed starting time, or if no umpires have been appointed, both captains shall agree on the appointment and changing of umpires. In such cases each captain is responsible for ensuring those appointed are competent. The use of young players (e.g. those under 18 years of age) must be avoided.

Law 3 – The Scorers

3.1 – The scorers

To meet the requirements of Law 3, at the same time as teams are nominated to the umpires for the match, each team must inform the umpires who the designated scorer is for the match. Each nominated scorer should be present for the entire game. It is permitted to designate two scorers, who between them must be in place for the entire game. Where no appointed umpires are standing, this requirement shall be deemed to have been met by the captains identifying their scorers for the match.

3.2 – Where no umpires are present

To meet the requirements of Law 3.2 (Correctness of the scores), Law 16.8 (Correctness of the result), Law 16.9 (Mistakes in scoring) and Law 16.10 (Result not to be changed), where appointed umpires are not standing, it shall be the responsibility of both captains to fulfil the duties and requirements of the umpires as specified in the relevant Laws.

Law 4 – The Ball – shall apply

4.1 – Permitted Match Balls

Only those balls listed in Appendix 4 to these regulations may be used in matches in the MCU Premier Division, Divisions 1, 2, and 3. If a team uses a type of ball which is not identified within the list of approved match balls in Appendix 4, the team shall forfeit the game in question and full (25) points shall be awarded to the non-offending team. If both teams use a type of ball which is not identified within the list of approved match balls, no points will be awarded to either team. In matches where MCUSA umpires are appointed, the umpires shall be the sole arbiters of whether or not a ball is acceptable as per the list contained within Appendix 4 to the regulations. In matches where no MCUSA umpires are appointed, it shall be the responsibility of the captains of each team to determine whether a ball is acceptable as per the list contained within Appendix 4 to the regulations. If the captains cannot agree as to whether or not a ball is acceptable as per Appendix 4, the game shall continue (using each team's nominated ball) and each captain shall submit a report (with accompanying photographs) to the Cricket Operations Committee via email to operations@munstercricket.ie no later than 72 hours after the scheduled start time of the match.

Law 5 – The Bat – shall apply

Law 6 – The Pitch – shall apply

6.1 – Permitted Surfaces

Natural grass pitches and fixed, permanent installation artificial pitches are permitted to be used in all divisions. Temporary artificial pitches are permitted in MCU Divisions 3 and 4 only.

Law 7 – The Creases – shall apply

Law 8 – The Wickets – shall apply

Law 9 – Preparation & Maintenance of the Playing Area – shall apply

Law 10 – Covering the Pitch

10.1 – Before the match

The following shall apply in addition to Law 10.1:-

Where there is an ongoing threat of rain and where available, the pitch, and where possible and practical, the bowlers' run-ups, shall be entirely protected against rain until a decision on the commencement of play is taken by the umpires, and their requirements as to the removal of the covers are communicated to the home team or host club in the case of a match played at a neutral venue.

10.2 – During the match

Law 10.2 shall be replaced by the following:

Where required by rain during the course of the match and where available, the pitch shall be entirely protected up to a decision on the commencement of play by the umpires and based on their instructions for their removal. In such conditions where covers are required, they (the covers) must totally protect the pitch and if possible, the bowlers' run-ups.

Law 11 – Intervals – shall apply (*except where amended by Law 12 below*)

Law 12 – Start of Play, Cessation of Play (*shall apply subject to the following*)

12.1 – Starting times

Extrapolated in 13.3.1 below.

12.2 – Hours of play

Laws 12.6, 12.7 and 12.8 shall not apply.

12.3 – Start & Cessation of play

Laws 12.9, 12.10, and 12.11 shall apply in so far as they are relevant to a one innings limited overs type match.

12.4 – Weather affected matches

The duration of the game shall be reduced by:-

- 2 overs (1 over per side) for every 8 minutes of playing time lost during the first innings
- 1 over for every 4 minutes of playing time lost during the second innings

However, if less than 30 minutes of playing time is lost, no reduction of overs shall take place.

Law 13 - Innings

The following shall replace Law 13:-

13.1 – Duration of matches (overs)

All matches will consist of one innings per side, as set out in the table below:-

| Competition | Maximum Overs | Permitted Time Allocation |
|------------------|---------------|---------------------------|
| Premier Division | 50 | 200 minutes |
| Division 1 | 45 | 180 minutes |
| Divisions 2, 3 | 40 | 170 minutes |

13.2 – Permitted time allocations

13.2.1

All sides are expected to be in position to bowl the first ball of the last of their overs within the Permitted Time Allocation - see table in 13.1 above. Penalties shall apply for teams who fail to bowl their complement of overs by the scheduled or re-scheduled cut-off time – see 13.2.4 below.

13.2.2

If, in the sole opinion of the umpires, there have been delays beyond the control of the fielding side e.g. injury, lost ball etc., they may extend the cut-off time by an equivalent amount of time to allow for such delays before determining if a penalty should be applied. Note that any time so added by the umpires shall be at their absolute discretion and shall not be subject to retrospective negotiation.

13.2.3

If a side is bowled out within the time determined for that innings pursuant to these playing conditions (taking into account any time allowances as above), the fielding side will be deemed to have complied with the required over-rate.

13.2.4

Over-Rate Penalties

- a) In the event of a side failing to complete their scheduled number of overs within the Permitted Time Allocation (as adjusted if necessary under 13.2.2), the full quota of overs will be completed, and the fielding side will be required to have an additional fielder inside the 30 yard circle for the remainder of the innings i.e. the fielding team would only be permitted to have 4 fielders outside the 30 yard circle in the remaining overs of a Premier Division match. This will apply to both innings of the match.
- b) All penalties in this regard will be imposed at the start of the next over after the ball first becomes dead after the scheduled or re-scheduled cessation time for the innings.
- c) If the innings is terminated before the scheduled or re-scheduled cut-off time, no over-rate penalty shall apply. If the innings is interrupted, the over-rate penalty will apply based on the re-scheduled cessation time for that innings.
- d) The Umpires shall inform the fielding team Captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the scheduled cessation time for that innings. The Umpire at the bowler's end will inform the fielding Captain, the batter and his fellow Umpire of any time allowances as and when they arise (this matter will not be subject to retrospective negotiation).

- e) In addition, in all reduced overs matches, the fielding team will be given one over's leeway. For the avoidance of doubt, one over's leeway means that the fielding side must be in position to bowl the first ball of the penultimate over by the scheduled or rescheduled cut off time.

13.3 – Starting times & intervals

13.3.1

The starting times and permitted time allocations for the different competitions are set out in the table below. Teams are permitted to start a game earlier or later than the starting times detailed below if both teams agree to do so at least 24 hours in advance of the scheduled start time and notify the Cricket Operations Committee and the MCUSA Appointments Secretary in writing. The latest scheduled start time permitted for a non-weather affected Premier Division & Division 1 match is 12:30. The latest scheduled start time permitted for a non-weather affected Division 2, Division 3 match is 13:30.

| Competition | Starting Time | Permitted Time Allocation | Tea |
|------------------|---------------|---------------------------|---------------|
| Premier Division | 12:00 | 3 hours, 20 mins | 15:20 - 15:50 |
| Division 1 | 12:00 | 3 hours | 15:00 - 15:30 |
| Divisions 2, 3 | 12:00 | 2 hours, 40 mins | 14:40 - 15:10 |

13.3.2

Tea is taken at the conclusion of the first innings, unless there is more than 30 minutes to the scheduled interval, in which case the side fielding first must bat until the scheduled tea time, given the 10-minute period for the change of innings.

13.4 – Number of overs per bowler

13.4.1

No bowler shall bowl more than one-fifth of the total overs allotted in an innings.

13.4.2

In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed. Where this leads to a fraction of an over, it shall be rounded up. In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

Law 14 – The Follow-on – shall not apply

Law 15 – Declaration & Forfeiture – shall not apply

Law 16 – The Result

Law 16 shall apply subject to the following:

16.2 – A win (one-innings match)

16.2.1

Save for circumstances where a match is awarded to a team as a consequence of the opposing teams refusal to play a result can be achieved only if both teams have had the opportunity of batting for at least 20 overs, unless one team has been all out in less than 20 overs or unless the team batting second scores enough runs to win in less than 20 overs.

16.3 – Umpire awarding a match

Law 16.3 shall be replaced by the following:-

16.3.1

A match shall be lost by a side which either (a) concedes defeat or (b) in the opinion of the Umpires refuses to play and the Umpires shall award the match to the other side.

Law 16.4 shall apply in addition to the following:-

16.4.1

If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets which have fallen. A match shall be lost by a side which either (a) concedes defeat or (b) in the opinion of the Umpires refuses to play and the Umpires shall award the match to the other side.

16.5 – A draw

Law 16.5 shall not apply

16.6 - Prematurely terminated matches - calculation of the target score

Applies in Premier Division & Division 1 only

16.6.1 - Interrupted matches - calculation of the target score

If, due to the suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs available), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth-Lewis-Stern (DLS) method using DLS Edition 2022 (Version 5.0). The target set will always be a whole number and one run less will constitute a tie. It is the responsibility of the Home team or, in the case of a neutral venue, the host club to provide DLS documents detailing the over by over par scores table. One copy is to be provided to the captain of each team, one copy is to be provided to the umpires and one copy is to be provided to the scorers.

Applies in Divisions other than Premier Division & Division 1

16.6.2 – Interrupted matches – calculation of the target score

If, due to the suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs available), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth-Lewis-Stern (DLS) method using DLS Edition 2022 (Version 5.0). The target set will always be a whole number and one run less will constitute a tie. It is the responsibility of the Home team or, in the case of a neutral venue, the host club to provide DLS documents detailing the over by over par scores table. These may be provided in soft copy as long as each team (and both umpires, where applicable) have immediate access to the over by over par scores table.

Applies in Premier Division & Division 1 only

16.6.3 – Prematurely terminated matches

If the innings of the side batting second is suspended and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'par score' determined at the instant of the suspension by the DLS method. Clubs must utilise the current Duckworth-Lewis-Stern method using DLS Edition 2022 (Version 5.0). If the score is equal to the par score, the match is a tie. Otherwise the result is a victory, or defeat, by the margin. It is the responsibility of the Home team or, in the case of a neutral venue, the host club to provide DLS documents detailing the over by over par scores table. One copy is to be provided to the captain of each team, one copy is to be provided to the umpires and one copy is to be provided to the scorers.

Applies in Divisions other than Premier Division and Division 1

16.6.4 – Prematurely terminated matches

If the innings of the side batting second is suspended and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS ‘par score’ determined at the instant of the suspension by the DLS method. Clubs must utilise the current Duckworth-Lewis-Stern method using DLS Edition 2022 (Version 5.0). If the score is equal to the par score, the match is a tie. Otherwise the result is a victory, or defeat, by the margin. It is the responsibility of the Home team or, in the case of a neutral venue, the host club to provide DLS documents detailing the over by over par scores table. These may be provided in soft copy as long as each team (and both umpires, where applicable) have immediate access to the over by over par scores table.

16.7 – Correctness of result

Any query on the result of the match as defined in Laws 16.2, 16.3, 16.4 and 16.8 (as modified by these regulations) shall be resolved as soon as possible and a final decision made by the umpires at close of play.

(a) Result Points

- **Win:** 20 points to the winning team
- **Tie:** 12.5 points to each team
- **No Result:** 0 points to each team

(b) Bonus Points

- a) There will be an allocation of five bonus points to each match
- b) Bonus points will be allocated based on margin of victory as follows:-

16.9 - Walkovers

16.9.1

- The offending team shall forfeit the match;
- It shall be deducted League points on an incremental basis - losing 10 points on first offence, 25 on the second and any subsequent offence. A fine of €50 per forfeited match will apply from a team's second offence which is payable to the Union within 30 days of the forfeited match. Failure to pay the levied amount will result in a 25 point deduction for the 2024 season.

16.9.2

The Cricket Operations Committee reserves the right to remove a team who have forfeited three or more matches from the remainder of the league and to expunge their results from the league standings. The Committee may at their discretion allow the results to stand if the alternative were to have a serious material impact on the League in question.

The non-offending side shall be awarded the 'win' points plus maximum bonus points (i.e. 25 points in total).

Law 17 – The Over – shall apply

Law 18 – Scoring Runs – shall apply

Law 19 – Boundaries – shall apply

Law 20 – Dead Ball – shall apply

Law 21 – No Ball

The bowler may not deliver the ball underarm. If a bowler bowls a ball underarm the umpire shall call and signal no ball.

21.2 – Free hit

In addition to the above, the delivery following a no ball called (all modes of no ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball.

Field changes are not permitted for free hit deliveries unless there is a change of striker.

The umpires will signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion.

Law 22 – Wide Ball

22.1 – Judging a wide

Law 22 shall apply with the following variation to Law 22.1.1:

Law 23 – Bye & Leg Bye – shall apply

Law 24 – Fielders Absence; Substitutes

24.1

If a player is absent from the field for longer than 8 minutes, the following restrictions shall apply to their future participation in the match:

24.1.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty Time). A player's unexpired Penalty Time shall be limited to a maximum of 120 minutes. If any unexpired Penalty Time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.1.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty Time carried forward from the previous innings. However, once his side has lost five wickets in its batting innings, he may bat immediately. These fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring no more than 7 inches (18 cm) in diameter. These discs must not be fixed to the ground by means of a nail/pin or any other dangerous/sharp object.

28.2.3

In addition, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply (herein referred to as Powerplay Overs are detailed in the following clauses 28.2.4. to 28.2.9.

Law 30 – Batter out of his ground - shall apply

Law 31 – Appeals – shall apply

Law 32 - Bowled - shall apply

Law 33 - Caught - shall apply

Law 34 – Hit the Ball Twice - shall apply

Law 35 – Hit Wicket - shall apply

Law 36 – Leg Before Wicket - shall apply

Law 37 – Obstructing the Field - shall apply

Law 38 – Run Out

The following variation to Law 38 applies to all Divisions other than Premier Division. For the avoidance of doubt, Law 38 (as written) applies to Premier Division games in which two MCUSA appointed umpires are standing i.e. no warning necessary

Applies to all Divisions other than Premier Division

38.1 - Warning

As a variation to the provisions in the Law, a bowler who notices that a batter has a tendency to leave his ground before he (the bowler) enters his delivery stride, shall be required to warn the batter once before attempting to run him out under this Law. Note: one warning applies to each batter rather than to each team.

Law 39 – Stumped – shall apply

Law 40 – Timed Out

40.1.1

For the avoidance of doubt, in matches where no MCUSA umpires are appointed and in matches where MCUSA umpires are appointed but are not present, in order for a batter to be adjudged timed out, the fielding captain must first inform the batting captain (2 minutes and 30 seconds after the fall of the previous wicket) that the incoming batter has 30 seconds remaining to take guard. If he does not do so, the batter may not be adjudged time out after 3 minutes.

Law 41 – Fair & Unfair Play

Law 41 shall apply subject to the following:-

Applies in Premier Division only

41.1.1

Law 41.6 (a) shall be replaced by the following:-

- A bowler shall be limited to two short-pitched deliveries per over.
- A short-pitched delivery is defined as a ball that passes or would have passed above the shoulder height of the striker standing upright at the popping crease.
- The umpire at the bowler's end shall advise the bowler and the batter on strike when each short-pitched delivery has been bowled.
- In addition, for the purpose of this regulation, a ball that passes above head height of the batter, that prevents him from being able to hit it with his bat by means of a normal

cricket stroke shall be called a wide. For the avoidance of doubt any short-pitched delivery that is called a wide under this playing condition shall also count as an allowable short pitched delivery in that over.

- In the event of a bowler bowling more than two short-pitched deliveries in an over as defined above, the umpire at the bowler's end shall call and signal no ball on each occasion. A differential signal shall be used to signify a short-pitched delivery. The umpire shall call and signal 'no ball' and then tap the head with the other hand.
- If a bowler delivers a third short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.
- If there is a second instance of the bowler being 'no balled' in the innings for bowling more than two short pitched deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.
- Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- The bowler thus taken off shall not be allowed to bowl again in that innings.
- The umpire will report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side together with the other umpire report the occurrence as soon as possible after the match to the Cricket Operations Committee.

Applies in Division 1

Law 41.6 (a) shall be replaced by the following:-

- A bowler shall be limited to one short-pitched deliveries per over.
- A short-pitched delivery is defined as a ball that passes or would have passed above the shoulder height of the striker standing upright at the popping crease.
- The umpire at the bowler's end shall advise the bowler and the batter on strike when each short-pitched delivery has been bowled.
- In addition, for the purpose of this regulation, a ball that passes above head height of the batter, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide. For the avoidance of doubt any short-pitched delivery that is called a wide under this playing condition shall also count as an allowable short pitched delivery in that over.
- In the event of a bowler bowling more than one short-pitched deliveries in an over as defined above, the umpire at the bowler's end shall call and signal no ball on each occasion. A differential signal shall be used to signify a short-pitched delivery. The umpire shall call and signal 'no ball' and then tap the head with the other hand.
- If a bowler delivers a second short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

- If there is a second instance of the bowler being 'no balled' in the innings for bowling more than one short pitched deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.
- Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- The bowler thus taken off shall not be allowed to bowl again in that innings.
- The umpire will report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side together with the other umpire report the occurrence as soon as possible after the match to the Cricket Operations Committee.

Applies in Divisions other than Premier Division and Division 1

41.1.2

Law 41.6 (a) shall be replaced by the following:-

A short-pitched delivery (which is defined as a ball which, after pitching, passes or would have passed above the shoulder height of the striker standing upright at the crease) irrespective of the pace at which the ball was bowled shall be regarded as dangerous and unfair, and the bowler's end umpire shall call and signal no ball for each such delivery. On the first occurrence of such a delivery, the Umpires shall issue a formal warning to both the bowler and the Captain of the fielding side. On the second occurrence of such a delivery the Umpires shall direct the Captain of the fielding side to remove the bowler forthwith. The bowler shall not be allowed to bowl again in the match and the matter must be reported to the Cricket Operations Committee immediately following the conclusion of the match by both the Umpires and the Captain of each team.

Applies in all Divisions

41.1.3

Law 41.6 (b) shall be replaced by the following:-

- Any delivery, regardless of the pace at which it was delivered, which passes or would have passed on the full above waist height of the striker standing upright at the crease is deemed unfair, whether or not it is likely to inflict physical injury on the striker.
- In the event of a bowler bowling a high full pitched ball as defined above, the umpire at the bowler's end shall call and signal no ball.
- If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter, the umpire at the bowler's end shall, in addition to calling and signaling no ball, when the ball is dead, caution the bowler and issue a first and final warning. The umpire shall inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred.
- Should there be any further instance (where a high full pitched ball is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that

innings, the umpire shall in addition to calling and signaling no ball, when the ball is dead, direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

- The bowler thus taken off shall not be allowed to bowl again in that innings.
- The umpire will report the occurrence to the other umpire, the batter at the wicket and as soon as possible to the captain of the batting side together with the other umpire report the occurrence as soon as possible after the match to the Cricket Operations Committee.

41.2 – Action taken by the umpire (short pitched bowling)

Law 41.7 shall be replaced by the following:-

Regardless of any action taken by the umpire as a result of a breach of Clauses 41.1.1, 41.1.2 and 41.1.3 the following shall apply at any time during the match:

41.2.1

The bowling of short pitched balls is unfair, if in the opinion of the umpire at the bowler's end, he considers that by their repetition and taking into account their length, height and direction, they are likely to inflict physical injury on the striker, irrespective of the protective clothing and equipment he may be wearing. The relative skill of the striker shall also be taken into consideration.

41.2.2

In the event of such unfair bowling, the umpire at the bowler's end shall adopt the following procedure:

- In the first instance the umpire shall call and signal no ball, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred.
- If this caution is ineffective, he shall repeat the above procedure and indicate to the bowler that this is a final warning.
- Both the above caution and final warning shall continue to apply even though the bowler may later change ends.
- Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- The bowler thus taken off shall not be able to bowl again in that innings.
- The umpire will report the occurrence to the other umpire, the batters at the wicket, and as soon as possible, to the captain of the batting side and together with the other umpire report the occurrence, as soon as possible after the match, to the Cricket Operations Committee.

41.3 – Deliberate bowling of high full pitched balls

Law 41.8 shall be replaced by the following:-

If the umpire considers that a high full pitched delivery which is deemed unfair as defined in Clause 41.1.2 was deliberately bowled, then the caution and warning process shall be dispensed with. This shall only apply if official MCUSA umpires have been appointed to the fixture.

In this situation, the umpire at the bowler's end shall:-

- Call and signal no ball.
- When the ball is dead, direct the captain to take the bowler off forthwith.
- Not allow the bowler to bowl again in that innings.
- Ensure that the over is completed by another bowler, provided that the bowler does not bowl two overs or part thereof consecutively.
- Report the occurrence to the other umpire, to the captain of the batting side together with the other umpire report the occurrence as soon as possible after the match to the Cricket Operations Committee.

41.4 – Action taken by the umpires (high full pitched deliveries)

Should the umpires initiate the caution and warning procedures set out in Clauses 41.2.1, 41.2.2 and 41.3 such cautions and warnings are not to be cumulative.

41.5 – Timewasting by the fielding side

Law 41.9 shall apply subject to Law 41.9 (b) being replaced by the following:

If there is any further waste of time in that innings, by any member of the fielding side the umpire shall:

- Call and signal dead ball if necessary, and;
- Award 5 penalty runs to the batting side – this provision does not apply when there is no umpire appointed by the MCUSA officiating.
- Inform the other umpire, the batters at the wicket and as soon as possible the captain of the batting side of what has occurred and, together with the other umpire report the occurrence as soon as possible after the match to the Munster Cricket Operations Committee, who shall take such action as is considered appropriate against the captain and bowler concerned.

41.6 – Switch Hits

- The batter's grip and stance should be the same from the start of the bowler's run up until the beginning of the bowler's delivery stride.
- The batter can utilise any grip, as long as he does not change it while the bowler is running in to bowl.
- From the beginning of the delivery stride (defined as the moment that the bowler's back foot lands in the delivery stride), the batter, if he chooses, may start to play the switch-hit stroke.

- If the bowler sees the batter alter his grip or stance before he enters his delivery stride, he is not compelled to deliver the ball.
- If the bowler does not deliver the ball, in this instance, the umpire shall give the striker an informal warning.
- The second time this happens, the striker should be formally warned that he is wasting time under Law 41.10 (Batter wasting time). This shall constitute a first and final warning and be applicable to any batter in that innings. Any subsequent instances shall result in 5 penalty runs being awarded to the fielding side. This provision does not apply when there is no umpire appointed by the MCUSA officiating.
- The bowler, having seen the batter change his grip and/or stance, may decide to bowl at the batter, and is entitled to do so. The umpires should allow that option.
- When a switch-hit is attempted then for the purposes of appeals for LBW the umpire will consider the striker's leg side to be the leg side of his original stance. For the purposes of judging a wide the 17" line will be used as a guide on both sides of the wicket as the striker is now considered to have 2 'off-sides'.

Law 42 – Player Conduct

Shall apply in Premier Division matches where umpires have been appointed by the MCUSA only.

PR1 – Safety of Young Players

Application of regulation to matches

The Munster Cricket Union accepts fully, as a basis for the management and welfare of young cricketers, the Code of Ethics and Good Practice for Children's Sport in Ireland as outlined in Appendix 3 which shall apply to all matches.

Players under the age of eleven

For safety reasons, players eligible to play at U-11 level, that is those who are under 11 years of age on 1 September on the previous year shall not participate in adult cricket matches in any capacity, that is as players or umpires.

PR2 – Umpiring & Scoring

Appointment of umpires

The Munster Cricket Umpires & Scorers' Association (MCUSA) will aim to provide umpires for Premier Division, Divisions 1, 2, 3 and related cup matches unless clubs are specifically advised otherwise. This aim is subject to, and restricted by, the availability of umpires for such purposes.

Scorers

Applies to all Divisions

Each team should provide a scorer for the match who should be identified to the umpires before the start of the game. It is permitted to designate two scorers, who between them must be in place for the entire game. In addition, in matches where the Duckworth-Lewis-Stern can be used there must be at least one person available throughout the match who is capable of applying this method. DLS Edition 2022 (Version 5.0) is to be used in all matches where necessary.

Ground, Weather & Light

The umpires shall be the sole arbiters as to whether the pitch is playable and/or the suitability of, ground, weather and light. Umpires should liaise vigilantly with the scorers in recording time lost and the number of overs bowled at any time during the match. Scorers are required to mark the score at the end of each over of each innings.

Cancelling of matches

Both sides must be at the ground prior to the specified start time (unless the ground has already been inspected by an MCUSA appointed umpire) and must wait until either:-

- An appointed MCUSA umpire declares the ground/conditions unfit for play
- or
- A minimum 20 overs each side game is not possible in the remaining time.

Match commencement procedures

Umpires shall move to the wicket five minutes before play is due to commence. The fielding side and opening batters shall take the field immediately after the umpires to ensure a prompt start to the game.

Appointed umpires not in attendance

If appointed MCUSA umpires are not present 15 minutes before the official starting time, then the responsibility falls on both captains who must agree on the appointment of umpires to ensure a prompt start to a match. Umpires may be selected from participating players or spectators. If subsequently official umpire(s) arrive, then they may, if both teams agree, take over for the remainder of the match.

PR3 – Refixtures

Applies to all Divisions

If a match cannot be played on the appointed day, it shall be declared a no-result and shall not be re-fixed.

PR4 – League Tables

League table positions

Positions in the league table shall be decided on a percentage basis where a team's percentage is calculated by dividing the amount of points gained by the maximum points available to them to two decimal places i.e. 78.63%. For the avoidance of doubt, matches declared a no-result shall not count as matches where points are available to teams. In the event of teams finishing with an equal percentage, the placing shall be decided on the basis of results of matches between the teams in question. Should this prove inconclusive, the team with the highest nett run rate shall be the winner. NRR is the total number of runs scored by a side in its matches, divided by the total number of overs it has faced in scoring those runs, less the total number of runs conceded in its matches, divided by the total number of overs it has bowled in conceding those runs. Overs here to be actual overs (and actual balls in the case of an incomplete over). If a team by virtue of slow over rates or being bowled out faces or bowls less than the number that would otherwise be their entitlement, the number of overs is based on that entitlement except that in the case of overs bowled by a side, if by virtue of the other side being penalised, that side receives less than would otherwise be their entitlement, the runs conceded by the bowling side are divided by the actual number of overs bowled. However, if a team batting second wins and uses less than their entitlement then only actual overs (and actual balls in the case of an incomplete over) used are counted. An abandoned match, in which some play took place, but not sufficient to achieve a result under DLS, shall not be taken into account in determining NRR.

Where a match result is achieved under DLS, for NRR purposes Team 1 will be credited with Team 2's par score on abandonment off the same number of overs faced by Team 2. Where a match is concluded, but with DLS having been applied at an earlier point in the match, Team 1 will be accredited with 1 run less than the final target score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

Fixtures

In all league competitions, every effort shall be made to ensure that each side shall play each other at least once. However, if due to unusual circumstances, this should not prove possible, the Cricket Operations Committee shall have the authority, competency and discretion to take a decision as regards the outcome of that competition. The reasons and basis for such a decision shall be communicated to the participating clubs.

The Operations Committee reserves the right to alter scheduled fixtures based upon ground availability, progression of teams in Cup competitions and weather conditions. Notification of such alterations will be made in writing by the Operations Committee no later than five days before the scheduled fixture date.

PR5 – Restrictions on Implementation of Laws of Cricket (Penalty Runs)

Where no umpire appointed by the Munster Cricket Umpires & Scorers' Association is officiating, penalty runs may only be awarded only in the cases of the ball hitting the fielder's helmet (when not being worn) or of illegal fielding.

PR6 - General Waiver Provision

The Munster Cricket Union and the Munster Cricket Union Cricket Operations Committee reserve the right to set aside any of the foregoing regulations for good and proper reasons unforeseen in the promulgation of these regulations.

Appendix 1 – Crease Marking

Appendix 2 – Field Markings for Fielding Restrictions

Appendix 3 – Safety of Young Players

The MCU has adopted the latest Cricket Ireland directives applicable to all competitions played under Cricket Ireland's and MCU's auspices, and they apply equally to boys and girls. Any reference to he/his should be interpreted to include she/her. Age groups are based on the age of the player on 1 September in the year preceding the competition. It must be noted that the Directives are aimed at an individual's age as opposed to the age group of the match being played. For example, a player who because of his age, falls into the under 15 group, must abide by the restrictions laid down for that age group. This will apply even though he may be playing in an under 17 match. He cannot bowl/field using the under 17 restrictions, he is still bound by the under 15 restrictions.

Fielding Restrictions

No young player in the under 15 age group or younger shall be allowed to field closer than 8 yards (7.3m) from the middle stump, except behind the wicket on the off side, until the batter has played at the ball. For those in the under 13 age group and below, the distance is 11 yards (10m). These minimum distances apply even if the player is wearing a head protector.

Should a player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back. Any player in the under 16 to under 18 age groups who has not reached the age of 18, must wear a head protector, and for boys, an abdominal protector (box) when fielding within 6 yards (5.5m) of the bat, except behind the wicket on the off side.

Non-compliance with this Directive will result in the umpires stopping the game and instructing the fielder to put on a head protector and/or abdominal protector, and/or stand back from the stumps. If non-compliance continues, the umpire should not allow the match to continue.

Wicket-keepers

Any wicket-keeper under the age of 18 (on the day of the match) must wear a head protector when standing up to the stumps. This applies to all speeds of bowling. Non-compliance with this Directive will result in the umpires stopping the game and instructing the wicketkeeper to put on a head protector, or stand back from the stumps. If non-compliance continues, the umpire should not allow the match to continue.

Bowling Directive

For the purpose of this Directive, a fast bowler is defined as a bowler to whom a wicket-keeper in the same age group would, in normal circumstances, stand back to take the ball. This does not preclude the umpires from insisting that these Directives apply even though the ability of the wicket-keeper means that he is capable of standing up to what they consider to be a fast bowler.

Directives for matches

| Age | Max Overs per Spell | Max Overs per Day |
|----------|---------------------|-------------------|
| Up to 13 | 5 | 10 |
| U14, U15 | 6 | 12 |
| U16, U17 | 7 | 18 |
| U18 | 7 | 18 |

In addition to these, it is recommended that in any seven-day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row. For example: in a tournament lasting 5 days, a fast bowler would bowl on days 1 and 2: not bowl on day 3: bowl on days 4 and 5. Having completed a spell, a bowler cannot bowl again, from either end, until an equivalent number of overs to the length of his spell has been bowled from the same end. If a bowler only completes part of his permitted spell, the above restriction still applies. For example, if he is allowed 7 overs, but only bowls 4, he cannot bowl again, until 4 overs have been bowled from the same end. He cannot resume his 'spell' after 2 overs from the same end, claiming that he is allowed another 3 overs to make up his 7. However, a bowler is allowed to change ends during a spell without taking a rest. This can only be done provided that he bowls the next permissible over from the other end.

If there is an interruption in play, whether scheduled or not, he will be allowed to count time off the field as part of his 'rest time'. During this interruption, the bowler may count every 7 minutes of the interruption as being equivalent to one over at each end. If play is interrupted for any reason for less than 40 minutes, any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. In this case, the bowler cannot claim any time off the field as rest time and his spell will still be in progress even though play is suspended. If the spell is not continued after the interruption, the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption has been bowled from the same end. If the interruption is of 40 minutes duration or more, whether scheduled or not, the bowler can commence a new spell immediately.

Umpires Responsibility

In matches where official umpires are present, it is the responsibility of the umpires to ensure that they are enforced as regulations. Umpires should therefore ensure that team lists given to them prior to the start of play clearly identify the precise ages of any players under 18 years of age. In matches where no official umpires are present to enforce the regulation, team captains should make every effort to ensure that the directives are followed as best practice. Clubs should therefore ensure that their team captains are familiar with this practice. The umpires should monitor these players and keep records of the overs such players bowl. Once the maximum allowance for any one spell has been reached, they will inform the player and the captain accordingly, and will not allow the player to bowl again until the requisite rest period has been fulfilled. Prior to the game, the manager/coach/captain will inform the umpires in writing, of any player who comes under this Directive. If during the game, the umpires consider that any other players come under this Directive, they shall inform the Tournament Director and manager/coach/captain as soon as is practical, that these players shall be subject to the above Directives. The umpire has final say in what constitutes fast bowling/a fast bowler.

Batting Directive

Any batter under the age of 18 on the day of the match, must wear a helmet when batting. Non-compliance with this Directive will result in the umpires stopping the game immediately and instructing the batter to put on a helmet. If non-compliance continues, the umpire should not allow the match to continue.

Appendix 4

The following are the list of approved balls for use in all MCU competitions in 2023 following the completion of the central procurement scheme. Matches in all Divisions will be played in white clothing with red balls. For the avoidance of doubt, clubs are not permitted to use a match ball which does not appear in the list below.
